

Curriculum Vitae

Jeffrey I. Shulze, Ph.D.

EDUCATION

Saint Louis University, St. Louis, MO August 2021

Ph.D., Clinical Psychology

Dissertation: *Collegiate Student-Athlete Stress, Coping, and Negative Affectivity When Considering Yearly Academic Transition: A Cross-Sectional Analysis*

California State University, Northridge, CA August 2017

M.A., Clinical Psychology with Distinction

Master's Thesis: *Psychological Flexibility and Cognitive Defusion in Putting Under Pressure*

University of California, Santa Barbara, CA June 2014

B.A., Psychology, Minor, Applied Psychology

CLINICAL EXPERIENCE

Spinal Cord Injury/Disorder Center for Excellence September 2023 - Present

Long Beach Veterans Affairs Medical Center – Long Beach, CA

Staff Psychologist

- Provided targeted neurocognitive assessment, diagnosis, evaluation of medical or financial decision-making capacity, and treatment of psychological conditions in a medically hospitalized diverse population of veterans in acute inpatient SCI/D unit.
- Provided interdisciplinary cotreatment and consultation focused on addressing and minimizing barriers to rehabilitation therapy engagement with various disciplines.
- Provided educational and therapeutic group interventions regarding adjusting to SCI/D.
- Facilitated patient-centered family conferences to educate families and discuss prognosis, collaboratively set rehabilitation therapy goals, and discharge.
- Provided short-term, focused outpatient psychotherapy to veterans with SCI/D and associated sequelae as well as co-occurring medical and psychological conditions.
- Provided supervision and didactic instruction to post-doctoral, intern-level, and practicum students.
- Referred patients to various services offered through the VA to improve wellbeing, self-advocacy, and access to care.

Psychological Assessment Center, PC May 2023 – December 2024

Clinician

- Provided neurocognitive assessment, diagnosis, and treatment of patients while engaged in legal proceedings.

Department of Psychology September 2021 – August 2023

Rancho Los Amigos National Rehabilitation Hospital – Downey, CA

Post-Doctoral Resident

- Provided targeted neurocognitive assessment, diagnosis, evaluation of medical or financial decision-making capacity, and treatment of psychological conditions in a

medically hospitalized diverse population of patients in acute inpatient rehabilitation unit as well as work with patient's family as permitted.

- Provided interdisciplinary cotreatment and consultation focused on addressing and minimizing barriers to rehabilitation therapy engagement with disciplines such as Physical Therapy, Occupational Therapy, Neurology, Cardiology, Surgery, Nephrology, Urology, Speech and Language Therapy, and Recreation Therapy, among others.
- Provided educational and therapeutic group interventions regarding adjusting to stroke and managing emotions related to diabetes mellitus.
- Facilitated patient-centered family conferences to educate families and discuss prognosis, collaboratively set rehabilitation therapy goals, and discharge.
- Provided short-term, focused outpatient psychotherapy to patients experiencing disability and associated sequelae as well as co-occurring medical and psychological conditions.
- Provided supervision and didactic instruction to doctoral student externs.
- Referred patients to various services offered through the institution improve wellbeing, self-advocacy, and access to care.

Primary Rotation: Gerontology and Stroke Service

Supervisor: Aida Saldivar, Ph.D., ABPP-RP, QME

- Provided assessment and treatment for adult to geriatric patients experiencing a variety of strokes, autoimmune, metabolic, and neurological conditions, such as multiple sclerosis, Guillain-Barré Syndrome, amyotrophic lateral sclerosis, neurocysticercosis, West Nile encephalitis, and tumor resections, among many others.

Minor Rotations:

Adult and Pediatric Traumatic Brain Injury Acute Rehabilitation Service

Spinal Cord Injury Rehabilitation Service

Limb Preservation/Ortho-Diabetes Surgical Service

Pediatric Acute Rehabilitation Service

Outpatient Psychotherapy Service

Medicine Community Adapt and Reentry Service

Epilepsy Monitoring Service

Supervisors: Fernando Gonzalez, Ph.D., ABPP-RP, QME, Serina Hoover, Psy.D., ABPP-RP, QME, Tatyana Jones, Ph.D., Erica Martinez, Psy.D., Sophia Serpa, Psy.D., Charlotte Sykora, Ph.D., ABPP-RP, QME, & Kelli McSwan, Ph.D.

Behavioral Health Services

July 2020 – August 2021

Mann-Grandstaff VA Medical Center – Spokane, WA

Pre-Doctoral Intern

Former Acting Lead Intern

- Represented intern class at faculty meetings and presented concerns, coordinate didactic presentations and journal club, anonymize feedback from interns for didactic instructors, established and maintained training committee calendar of events.

Primary Rotation: General Mental Health Clinic

August 2020 – August 2021

Supervisor: Ken Cogswell, Ph.D.

- Provided clinical intake interviews, individual, and group therapy, assessment, interdisciplinary treatment team planning, and patient feedback to urban as well as rurally located veterans.
- Provided supervision for masters-level practicum students 1 hour/week and attended supervision of supervision group 1 hour/week.

Minor Rotations:

Neuropsychology Program

January 2020 – August 2021

Supervisor: Melissa Swanson, Ph.D., Clinical Neuropsychologist

- Provided neurocognitive assessment, score, and interpret measures, differential diagnosis, and supply feedback with treatment recommendations for medical and psychiatric disorders.
- Rotation focused on developing the intern's knowledge of brain-behavior relationships, the development of test administration skills, test interpretation, case conceptualization, differential diagnosis, and refinement of report-writing skills.

Primary Care Mental Health Integration

August 2020 – January 2021

Supervisor: Connie Raybuck, Ph.D.

- Provided brief, biopsychosocial assessment, psychoeducation, and short-term, problem-focused and intervention within a primary care setting.
- Coordinated patient care, consultation, treatment recommendations, and feedback to interdisciplinary primary care team.

PTSD Clinical Team

August 2020 – August 2021

Supervisor: Patrick Metoyer, Ph.D.

- Provided assessment, diagnosis, and treatment of co-occurring disorders involving substance use and posttraumatic stress disorder within an intensive outpatient setting.
- Provided evidence-based psychological practices focused on amelioration of PTSD and co-occurring disorders such as Cognitive Processing Therapy, COPE, and Prolonged Exposure.
- Coordinated patient care with consultation, treatment recommendations, and feedback to interdisciplinary care team.

Psychological Services Center

August 2017 – June 2020

Saint Louis University – St. Louis, MO

Clinical Psychology Trainee

Past Supervisors: Annie Garner, Ph.D., Jillon Vander Wal, Ph.D., & Kira Hudson Banks, Ph.D., Michael J. Ross, Ph.D., ABPP

- Provided individual therapy services with community adults and adolescents seeking services for a range of psychological concerns, including depression, anxiety, intermittent explosive disorder, paranoid delusions, eating disorders, trauma-related disorders, and adjustment to life stressors.
- Assessed and generated comprehensive psychological evaluations for community members with various psychological and psychoeducational concerns, including cognitive, academic, and personality assessments.

- Supervised the administration of assessments and writing of psychological evaluations for the final case assessment of first-year doctoral students.
- Engaged in weekly individual and group clinical supervision to generate case conceptualizations, diagnoses, clinical interventions, and treatment plans for clients.

Intake Clinician

October 2017- October 2018

Supervisor: Phyllis Terri Friedman, Ph.D.

- Conducted brief telephone interviews, crisis intervention, and referral with adult community members or caregivers of adolescents and children seeking assessment or therapy services.

**Compass Health Network
Wentzville, MO**

July 2019- June 2020

Graduate Student Clinician

Supervisor: Summer Johnson, Psy.D.

- Provided individual, group, and family therapy services to a diverse, rural population of patients aged 7-65 with a variety of psychological concerns, including depression, ADHD, anxiety, substance use, trauma, bipolar, personality disorders, and treatment of formerly incarcerated individuals.
- Conducted diagnostic interviews and assessments with parents and adults for referral to other services within the Federally Qualified Health Center (FQHC), such as psychiatry, medical, dental, or vocational training services.
- Administered, scored, and interpreted psychological assessments for children and adults with ADHD, Autism Spectrum, and psychosis, among other disorders.
- Created and reviewed reports, notes, and treatment plans using an electronic medical record system (Avatar).
- Participated in weekly individual supervision with a licensed psychologist and monthly group supervision with staff psychologists and residents.

**Health Resource Center
St. Louis, MO**

December 2017- June 2020

Behavioral Health Consultant

Supervisors: Jeremiah Weinstock, Ph.D., and Phyllis Terri Friedman, Ph.D.

- Conducted initial consultation with an underserved, low-economic-status population of adults experiencing acute, severe, and chronic psychopathology in a community-integrated health and psychiatry clinic.
- Provided feedback and coordination for first-year clinical medical, social work, physical therapy, and nursing students. Consulted with attending physician and/or psychiatrist regarding client presentation and initial diagnosis.
- Conducted behavioral health interventions for difficulties sleeping, exercise, parenting, stress reduction, smoking sensation, and alcohol dependence. Provide clients with a referral for further psychological services as needed.
- Drafted service notes and updated client medical records.

**Sport Psychological Services & Consultation
Saint Louis University - St. Louis, MO**

December 2017- June 2020

Senior Sport Psychology Trainee

Supervisor: Michael J. Ross, Ph.D., ABPP

- Provided individual sport psychological services, including performance enhancement via Mindfulness-Acceptance-Commitment (MAC), Mindful Sport Performance Enhancement (MSPE), mental skills training, and biofeedback intervention for NCAA Div. I student-athletes experiencing performance decrement, performance impairment, and performance dysfunction, as well as counseling for sport-related or life stressors.
- Participated in monthly interdisciplinary sport medicine meetings and consulted with disciplines such as Orthopedic Surgery, Physical Therapy, Sports Nutrition, Athletic Training, and Strength and Conditioning.
- Screened student-athletes interested in performance enhancement services to rule out mental health diagnoses and psychopathology for referral to university counseling.
- Conducted team-sport and individual-sport team assessment for flow, sport confidence, sport motivation, and athlete satisfaction, among other performance-related constructs as well as reviewed individual feedback with student-athletes and coaching staff, as permitted.
- Designed and implemented team performance interventions based on team assessment results.
- Established and maintained working relationships with coaching and athletic administration staff.
- Supervised the performance enhancement and psychological skills training sessions of first-year clinical sport psychology trainees.
- Engaged in weekly group supervision to discuss the progress of student-athletes with the clinical supervisor and fellow clinical sport psychology trainees.
- Conducted and designed workshops and presentations based on the needs of the Athletic Department and coaching staff, including athlete retirement, outreach for sport psychology, mental skills training, or stress reduction
- Curated team assessment data and coordinated team research projects.
- Tracked all client services and provide weekly reports to supervisor.

University Counseling Services

August 2018 – May 2019

Saint Louis University - St. Louis, MO

Graduate Student Clinician

Supervisor: Steve Byrnes, Psy.D., and Dan Wilkinson, Ph.D.

- Conducted individual therapy sessions with undergraduate students for a variety of psychological and mental health concerns, including depression, anxiety, grief, adjustment disorders, borderline personality disorder, eating disorders, and Phase of Life stresses.
- Worked with NCAA Div. I student-athletes experiencing emotion dysregulation associated with mild traumatic brain injury and with other mental health issues impairing athletic, academic, and social functioning.
- Administered brief clinical screeners, including the Generalized Anxiety Disorder Questionnaire-IV (GAD-Q-IV), Overall Anxiety Severity and Impairment Scale (OASIS), and Quick Inventory of Depression Symptomatology (QIDS SR-16) to track clients' symptoms and treatment progress.

- Engage in weekly supervision with clinical supervisor to discuss case conceptualization and treatment planning for clients.

Mood and Anxiety Clinic

September 2016- May 2017

California State University, Northridge – Northridge, CA

Clinical Intern

Supervisor: Jill Razani, Ph.D.

- Conducted initial consultation and cognitive-behavioral therapy with a diverse population of college undergraduates.
- Engaged in weekly supervision with clinical supervisor to discuss case conceptualization and treatment planning for clients.

Parent Child Interaction Clinic

September 2015- May 2016

California State University, Northridge – Northridge, CA

Clinical Intern

Supervisor: Maria Granados, M.A.

- Co-led PEERS psychosocial intervention in a group therapy format with children, adolescents, and adults on the Autism spectrum and experiencing common co-occurring disorders such as ADHD, anxiety, and depression.
- Conducted corresponding parent training groups to aid in the acquisition, rehearsal, and retention of social skills and emotion regulation strategies.
- Facilitated events to expose clients to social situations and allow for the practice of learned skills in social environments, such as social gatherings or group outings.
- Conducted initial consultation and screened clients for group therapy based on level of functioning, age, and communication ability and status.
- Engaged in weekly supervision with clinical supervisor to discuss case conceptualization and support fellow co-leads' work with clients

RESEARCH EXPERIENCE

Comprehensive Brain Injury Program

Ranch Los Amigo, National Rehabilitation Center

August 2022 – August 2023

Downey, California

Clinician

Supervisor: Serina Hoover, Psy.D., ABPP, QME

- Conducted admission and discharge assessments for inpatient traumatic brain injury unit to track outcomes for patients enrolled in treatment.

Psychology Department, Billiken Sport Psychological Sciences and Consultation Lab

Saint Louis University - St. Louis, MO

August 2017- June 2020

Research Team Member

Supervisor: Michael J. Ross, Ph.D., ABPP

- Track and curate data, collaborate, and consult with adviser as well as lab members on a weekly basis to discuss research projects, thesis and dissertation results or recently peer-reviewed articles on sport-psychology.

Doctoral Dissertation

“Stress, Coping, and Adjustment in College Student-Athlete Transition: A Cross-Sectional Analysis”

Committee: Michael J Ross, Ph.D., ABPP (chair), Janet Oberle, Ph.D., Jeffrey Gfeller, Ph.D.

- *Proposed:* September 26th, 2019
- *Defended:* May 3rd, 2021

Effectiveness of Mindfulness-Acceptance-Commitment Interventions for Collegiate Student-Athletes

Principal investigator: Michael J. Ross, Ph.D., ABPP August 2017- June 2020

- Collected and tracked data regarding performance enhancement services, provided supervision and training research clinicians to ensure standardized intervention procedures, and maintained lab equipment and materials.

Student-Athlete Retirement Program

November 2017-June 2020

Principal investigator: Michael J. Ross, Ph.D., ABPP

- Coordinated with Athletics Department staff and marketing of retirement workshop for senior student-athletes.
- Planned, marketed, and led psychoeducational retirement workshops for senior student-athletes as well as collected and analyzed outcome data.

Public Stigma and Attitudes Towards Help-Seeking Behaviors in Athletes

Principal investigator: Zarchary Merz, Ph.D. April 2017-August 2018

- Collaborated on study and survey design, conducted literature reviews, and manuscript writing.

Sport Psychology Lab

California State University, Northridge, CA

December 2015-August 2017

Graduate Research Assistant

Hours: Approximately 2 hours/week

Supervisor: Mark P. Otten, Ph.D

- Conducted experimental trials, social media management, community outreach, presentation of research, literature review, data screening, data analysis, and manuscript preparation.

Master's Thesis

“Psychological Flexibility and Cognitive Defusion in Putting Under Pressure”

Committee: Gary Katz, Ph.D. (chair), Mark P. Otten, Ph.D., Ashley Samson, Ph.D. CMPC

- *Proposed:* May 6th, 2017
- *Defended:* August 1st, 2017

Women's Experiences in eSports

Principal investigator: Omar Ruvalcaba, Ph.D. September 2016-August 2017

- Collaborated on study and survey design, conducted literature review, qualitative data collection, coding, data rater training, and manuscript preparation.

Psychological & Brain Sciences

University of California, Santa Barbara, CA

November 2012- February 2014

Mindfulness in Sport Performance

December 2012-April 2013

Principal investigator: Steve Smith, Ph.D.

- Conducted experimental trials, informed consent, debriefing, and materials management.

Power of Play

December 2013- March 2014

Principal investigator: Shane Jimmerson, Ph.D.

- Engaged K-6th grade children in play during recess and taught conflict resolution skills via the 'IDEAL' problem-solving technique.

Evaluation of Drug Court Proceedings and Antecedents of ResiliencePrincipal investigator: Professor Cosden, Ph.D.

December 2012- September 2013

- Data coding, tracking, and qualitative survey development.

TEACHING EXPERIENCE

Lecturer

September 2021 - Present

Rancho Los Amigos National Rehabilitation Center – Downey, CA

- Provided lectures on coping and adjustment, mindfulness, and internship application to doctoral student externs.

Invited Guest lecturer

October 2021; April 2023

Adelphi University – Garden City, NY

- Provided lectures on Major Neurocognitive Disorders and cognitive psychology to master's and doctoral-level students in clinical psychology programs.

Psychopathology & Clinical Interventions Practicum

August 2019-May 2020

Saint Louis University – St. Louis, MO

Instructor

Supervisor: Terri L. Weaver, Ph.D., & Michael J. Ross, Ph.D., ABPP

- Prepared and implement lessons for graduate-level course (7 doctoral students) focused on the classification, phenomenology, and etiology of psychological disorders based on the DSM-5.
- Provided students with feedback on research article presentations and case conceptualization assignments throughout the semester.
- Facilitated cooperative learning activities focused on students formulating differential diagnoses based on a culturally-informed, biopsychosocial framework of psychopathology.
- Prepared and implemented lessons for graduate-level course focused on the application and practice of various clinical interventions and treatment modalities.

General Psychology

August 2017-December 2018

Saint Louis University – St. Louis, MO

Graduate Teaching Associate

Supervisor: Michael J. Ross, Ph.D., ABPP

- Developed test questions and graded exams, quizzes, and projects for 170 students.

- Provide office hours for students and responded to student emails regarding assignments and questions pertaining to exams or coursework.
- Coordinated with disabled student services and provided accommodations to disabled students.
- Coordinate assignments and exams for traveling student-athletes.

Advanced Sport Psychology

January 2017- May 2017

California State University, Northridge – Northridge, CA

Graduate Teaching Associate

Supervisor: Mark P. Otten, Ph.D.

- Tracked attendance, graded exams, conducted class discussion regarding assigned journal readings, presented assigned readings and counseled students.

General Psychology

August 2016- May 2017

Teacher Internship Program, California State University, Northridge, CA

Instructor of Record

Supervisor: Gabriela Chavira, Ph.D.

- Developed curriculum, lectured, generated and administered examinations, and assigned final grades for undergraduate students.

PROFESSIONAL SERVICE

Invited Reviewer for *Rehabilitation Psychology*

September 2021 - Present

CERTIFICATIONS

Certified Brain Injury Specialist

Through The Brain Injury Association of America

July 2024 - Present

PROFESSIONAL AFFILIATIONS:

American Psychological Association
(Division 22, 38, & 47)

2018 - Present

Association of Applied Sport Psychology, Early Professional Member

2016 - Present
